Worker 4.0 - New way of working style

Validated reason

- People tend to work remotely
- Millennials era that habituated on collaborativity
- Workplace is out schooled, it turns into unlimited boundary

Research says

- It's 78% more agile <comparing to the out-schooled>
- More 80% internet population are familiar with the cloud
- 10x multiply your productivity
- Gain more income 4x
